

GLITCH — Clarity Reset

The official 65-hour Crewdle AI Formation. Rehearse the reframe until the team can do it without you in the room.

F o r e p l a y · T r a i n i n g s · 6 5 h o u r s o v e r 8 w e e k s

Every module runs three tracks at once.

NARRATIVE

You walked in with a stack of AI tools and no clarity. You walk out with one shared reframe of what the org is actually being asked to become.

COGNITIVE

The 5-state Calm Magic ontology applied to AI adoption. Every meeting becomes a legible arc from resonance to commitment.

IDENTITY

From tool-picker to intention-designer. You stop asking 'which AI?' and start asking 'which future?'

Why this matters

Anchor why this shift matters before any tool is named.

"What are you afraid AI will take from you — and what are you afraid it will ask of you?"

01. The Two Fears

15 min

Surface the loss AND the demand.

Prompt: Write two sentences on one card: 'I'm afraid AI will take ___' and 'I'm afraid AI will ask me to ___'.

Debrief: Read only the second sentence around the circle. No commentary. Let the silence do the work.

02. Meaningful Future Postcard

20 min

Move from fear to a concrete 3-year image.

Prompt: Draw or describe the day-in-the-life of your role three years from now if this shift went well.

Debrief: Pair-share for 5 minutes. Ask: 'What surprised you about your own postcard?'

03. The Resonance Line

10 min

Physically map how the team relates to the shift.

Prompt: Stand on a line from 'this excites me' to 'this exhausts me'. Move once someone else speaks.

Debrief: Notice who moved and when. Ask: 'What did you hear that moved you?'

The reframe

Break the default lens: AI adoption is not tool selection.

"What if the AI isn't the product — what if the reframe is?"

01. Tool-Free Fridge Test

25 min

Prove the reframe by forbidding tools.

Prompt: Redesign one broken workflow without naming a single tool. Only verbs and outcomes.

Debrief: Compare with the group's tool-first draft. Ask: 'What did removing tools reveal?'

02. Reverse Demo

15 min

Show the future by demoing the failure it prevents.

Prompt: In pairs, act out the meeting this workflow will replace. Play it straight.

Debrief: Debrief: 'What did the old meeting cost us that we had normalized?'

03. The Ontology Swap

20 min

Introduce Calm Magic states as the new lens.

Prompt: Re-tell one recent project through LOVE→MAGIC→CALM→OPEN→FREE, one sentence per state.

Debrief: Ask: 'Which state was under-invested? Which was skipped entirely?'

Organize complexity

Introduce the framework with enough rigor to be trusted.

"Where is the uncertainty actually living in this org?"

01. The Uncertainty Map

25 min

Locate the fog before choosing the flashlight.

Prompt: Plot every open decision on a 2×2: reversible/irreversible × known/unknown.

Debrief: Focus on the irreversible-unknown quadrant. Ask: 'Which of these should NOT be decided this quarter?'

02. Five Seasons Walkthrough

30 min

Teach the PRD ontology (POLLENS → ANTHEMS) with a live case.

Prompt: Take one initiative and place it in each season. Note what's missing.

Debrief: Ask: 'Which season did we jump over? What did that cost?'

03. The Legibility Test

10 min

Framework only helps if someone can redraw it from memory.

Prompt: Close the poster. Redraw the 5 seasons and 5 states from memory on a napkin.

Debrief: Post the napkins on the wall. Nobody's is perfect — that's the point.

Pattern discovery

Discovery through interaction — the room becomes the teacher.

"What pattern is repeating that nobody has named yet?"

01. Silent Wall

20 min

Let patterns emerge without a facilitator's voice.

Prompt: In silence, cluster all week's sticky notes. Only movement, no talking.

Debrief: Only after silence ends: 'What cluster names itself?'

02. The Missing Voice

15 min

Notice which stakeholder never gets quoted.

Prompt: List every role mentioned this week. Circle the ones nobody quoted verbatim.

Debrief: Ask: 'Who has to be in the room next week?'

03. Reflection Triads

30 min

Turn insight into shareable language.

Prompt: In triads: speaker (5 min uninterrupted) → mirror (2 min reflect back) → scribe (2 min write it down).

Debrief: Read the scribed lines aloud. Which ones want to become the team's next question?

Commitment

One clear commitment per person. No more.

"What is the smallest brave thing you will do by Monday?"

01. Smallest Brave Promise

10 min

Force scoping down to a real action.

Prompt: One sentence: 'By Monday I will _____. My witness is _____.'

Debrief: Read all cards aloud. Nothing else needs to be said.

02. The 30-Day Undo Clause

10 min

Make commitment feel safe by making retreat legible.

Prompt: Add a sentence: 'If by day 30 _____ is true, I will stop and re-open the question.'

Debrief: Notice how commitment loosens when retreat is pre-authorized.

03. Ritual Handoff

15 min

Anchor the promise to a shared object.

Prompt: Pass a stone / totem to each speaker. They hold it while making their promise, then place it in a shared bowl.

Debrief: The bowl travels with the team to the next session.

COMMITMENT CONTRACT

"What is the smallest brave thing you will do by Monday?"

By Monday I will _____. My witness is _____. If by day 30 _____ is true, I will stop and re-open the question.

Witness — One peer from the cohort, named before leaving the room.
