

GL!TCH — Clarity Reset

Foreplay · Trainings · 65 hours over 8 weeks

The official 65-hour Crewdle AI Formation. Rehearse the reframe until the team can do it without you in the room.

The three journeys

Narrative. You walked in with a stack of AI tools and no clarity. You walk out with one shared reframe of what the org is actually being asked to become.

Cognitive. The 5-state Calm Magic ontology applied to AI adoption. Every meeting becomes a legible arc from resonance to commitment.

Identity. From tool-picker to intention-designer. You stop asking 'which AI?' and start asking 'which future?'

Curriculum by module

Module 1 — Week 1 — Landing

Live · 6h · Love — Why this matters

Outcome: Fears named, futures postcarded.

Intent: Anchor why this shift matters before any tool is named.

Prompt question: What are you afraid AI will take from you — and what are you afraid it will ask of you?

Exercise	Time	Prompt	Debrief
The Two Fears	15m	Write two sentences on one card: 'I'm afraid AI will take ____' and 'I'm afraid AI will ask me to ____'.	Read only the second sentence around the circle. No commentary. Let the silence do the work.
Meaningful Future Postcard	20m	Draw or describe the day-in-the-life of your role three years from now if this shift went well.	Pair-share for 5 minutes. Ask: 'What surprised you about your own postcard?'
The Resonance Line	10m	Stand on a line from 'this excites me' to 'this exhausts me'. Move once someone else speaks.	Notice who moved and when. Ask: 'What did you hear that moved you?'

Artifact: A wall of postcards representing the room's 3-year horizon.

Module 2 — Week 2 — Reframe

Live · 6h + async · 4h · Magic — The reframe

Outcome: Tool-free workflow drawn.

Intent: Break the default lens: AI adoption is not tool selection.

Prompt question: What if the AI isn't the product — what if the reframe is?

Exercise	Time	Prompt	Debrief
Tool-Free Fridge Test	25m	Redesign one broken workflow without naming a single tool. Only	Compare with the group's tool-first draft. Ask: 'What did removing

		verbs and outcomes.	tools reveal?'
Reverse Demo	15m	In pairs, act out the meeting this workflow will replace. Play it straight.	Debrief: 'What did the old meeting cost us that we had normalized?'
The Ontology Swap	20m	Re-tell one recent project through LOVE → MAGIC → CALM → OPEN → F REE, one sentence per state.	Ask: 'Which state was under-invested? Which was skipped entirely?'

Artifact: One workflow redrawn twice — with tools, then without. Kept side by side.

Module 3 — Week 3-4 — Ontology

Live · 12h + async · 8h · Calm — Organize complexity

Outcome: Uncertainty map + season walkthrough.

Intent: Introduce the framework with enough rigor to be trusted.

Prompt question: Where is the uncertainty actually living in this org?

Exercise	Time	Prompt	Debrief
The Uncertainty Map	25m	Plot every open decision on a 2×2: reversible/irreversible × known/unknown.	Focus on the irreversible-unknown quadrant. Ask: 'Which of these should NOT be decided this quarter?'
Five Seasons Walkthrough	30m	Take one initiative and place it in each season. Note what's missing.	Ask: 'Which season did we jump over? What did that cost?'
The Legibility Test	10m	Close the poster. Redraw the 5 seasons and 5 states from memory on a napkin.	Post the napkins on the wall. Nobody's is perfect — that's the point.

Artifact: A 2×2 of live decisions and a wall of imperfect memory-drawn frameworks.

Module 4 — Week 5-6 — Discovery

Live · 10h + async · 8h · Open — Pattern discovery

Outcome: Named patterns + missing voices list.

Intent: Discovery through interaction — the room becomes the teacher.

Prompt question: What pattern is repeating that nobody has named yet?

Exercise	Time	Prompt	Debrief
Silent Wall	20m	In silence, cluster all week's sticky notes. Only movement, no talking.	Only after silence ends: 'What cluster names itself?'
The Missing Voice	15m	List every role mentioned this week. Circle the ones nobody quoted verbatim.	Ask: 'Who has to be in the room next week?'
Reflection Triads	30m	In triads: speaker (5 min uninterrupted) → mirror (2 min reflect back) → scribe (2 min write it down).	Read the scribed lines aloud. Which ones want to become the team's next question?

Artifact: The named clusters and the list of missing voices.

Module 5 — Week 7 — Commit

Live · 6h · Free — Commitment

Outcome: Promise stones + Monday actions.

Intent: One clear commitment per person. No more.

Prompt question: What is the smallest brave thing you will do by Monday?

Exercise	Time	Prompt	Debrief
Smallest Brave Promise	10m	One sentence: 'By Monday I will _____. My witness is _____.'	Read all cards aloud. Nothing else needs to be said.
The 30-Day Undo Clause	10m	Add a sentence: 'If by day 30 _____ is true, I will stop and re-open the question.'	Notice how commitment loosens when retreat is pre-authorized.
Ritual Handoff	15m	Pass a stone / totem to each speaker. They hold it while making their promise, then place it in a shared bowl.	The bowl travels with the team to the next session.

Artifact: A bowl of commitment stones. A shared spreadsheet of Monday actions.

Module 6 — Week 8 — Witness

Async · 5h · Free — Commitment

Outcome: First check-in with witness.

Intent: One clear commitment per person. No more.

Prompt question: What is the smallest brave thing you will do by Monday?

Exercise	Time	Prompt	Debrief
Smallest Brave Promise	10m	One sentence: 'By Monday I will _____. My witness is _____.'	Read all cards aloud. Nothing else needs to be said.
The 30-Day Undo Clause	10m	Add a sentence: 'If by day 30 _____ is true, I will stop and re-open the question.'	Notice how commitment loosens when retreat is pre-authorized.
Ritual Handoff	15m	Pass a stone / totem to each speaker. They hold it while making their promise, then place it in a shared bowl.	The bowl travels with the team to the next session.

Artifact: A bowl of commitment stones. A shared spreadsheet of Monday actions.

Commitment contract

What is the smallest brave thing you will do by Monday?

By Monday I will _____. My witness is _____. If by day 30 _____ is true, I will stop and re-open the question.

Witness — One peer from the cohort, named before leaving the room.
